FIFA Ultimate Team™ (FUT) Reinvent what Ultimate Team is all about by putting new ways to play into the mix. In FIFA Ultimate Team, you'll use real players' historical statistics to shape your FUT team of real players and create new ways to play. The blend of these elements creates a game that's more tactical and strategic than ever before. Interactive, creative team moments

Team Moments are now even more creative and tactical. From devastating set pieces to fantastic displays of skill, the team moments you create in FIFA Ultimate Team and FIFA Ultimate Draft will allow your players to stand out from the crowd. Reinvented Training Mode With training modes new and improved, we have put players in a variety of unique situations to challenge their skills. These training modes will better simulate real match conditions to help you sharpen your skills and get better as you compete in a wide range of game modes. The Most Powerful First-Person Perspective

First-person perspective (FPS) in FIFA is more immersive than ever. Now, you'll be more connected to your team, more aware of each move and decision, and more in control of your actions. FIFA

Player Intelligence You will see players better than ever before using Player Intelligence, which analyzes your opponent's styles of play, abilities, and strengths and helps you better prepare for each player. Reinvented gameplay technology Re-engineered gameplay technology gives new life to the corner kicks, through-balls, off the ball situations, and headers you have come to expect. You can now see dynamic player animation and movement, new player interaction animations, and new animations for improved ball control. Real-world environments Fly through the city, score a goal in the park and skip past defenders in a stadium that looks and feels like the real world. Everything

What's new:

- **The Most Powerful FIFA Ever.** More than 1.1 billion matches have been played by players using FIFA Ultimate Team, now with power to make them play like real life. With card-based FIFA Ultimate Team in FIFA 22, you'll have access to more team cards and a deeper set of cards to build and expand your Ultimate Team.
- **FIFA 22 introduces "HyperMotion Technology."** Uses real-world data to bring the AI to life and bring the ball in FIFA the way footballers move. It enhances player movements, personal assaults, defending and tackling, goal-stopping, juggling of the ball, aerial duels and on-ball interactions. Players adapt to the ball and use smaller movements to get around the opposition.
- **New AI Gameplay -** The way the new FIFA 22 AI executes plays is improved giving you more control over how your team performs, and how they will pressure your opponent.
- **Creative Tools -** New design tools in the Create a Stadium and Create a Team screens, along with new extras like the Vertical Centre of Gravity system, so you can customise a quick build shape anywhere on the pitch.
- **More Control -** Improved ball physics also means that shots won't have the same accuracy of shots in previous FIFA games, which will level the game field in a big way - see how you fare through FIFA 22's new Challenge Mode.
- **Intuitive Controls -** Being able to instantly intuitively control ball physics through the new B button command allows you to make quicker, more intelligent decisions on the pitch.
- **Enhanced Visuals -** FIFA 22 features an all-new, reconstructive, all-new presentation, PES Evolution Engine and handling system, that give the pitch and players a more realistic and immersive 3D effect.
- **Passing -** New touch screen controls allow for better passing, an easier to use gamepad, and improved passing animations, both in terms of the opponents foot and where it goes. Old school control is also still available.
- **New Shape -** Created for Next-gen sports, FIFA 22 delivers

a new shape, allowing players to develop their skills in a completely new way. Passes and dribbles with players positioned better on or around the pitch.

- **Combat - A more adaptable, intelligent and versatile defensive system means that**
